CAREER OBJECTIVE

A motivated and quick-learning front-end developer with hands-on experience in React.js, Tailwind CSS, Bootstrap, and JavaScript. I'm passionate about building responsive, user-friendly interfaces and always open to learning new technologies. I'm excited to contribute to real-world projects, grow through collaboration with experienced developers, and keep improving as I take on new challenges in the field.

SKILLS

- **Language :** JavaScript, Python
- **Frontend :** React js, Tailwind CSS, Bootstrap
- **Backend :** Node.js, Express js, MongoDB
- **Version Control :** Git,Github
- **Additional :** RESTful APIs, Responsive Design, Problem-Solving
- **Soft Skills :** Googling, Communication, Spoken English, AI Utilization

PROJECTS

- **Personal Portfolio Website**
  - Designed and developed a responsive portfolio to showcase projects and skills,Focused on clean UI and performance.
- **React Movie App**
  - Built a responsive movie app using React ,Fetched data from an external API ,Used useState, useEffect, useContext, and react-router-dom.
- **Coffee Shop Website**
  - Built a responsive movie website using HTML, vanilla CSS, and vanilla JavaScript with a focus on clean UI design and interactive user experience without using any external libraries or data fetching.
- **Job Portal**
  - Developed a responsive React app with authentication (Clerk), routing, rich text editing (Quill), and styled using Tailwind CSS.
